Medina Oil Company Active.

At a meeting of the directors of the Medina Oil Development Company an order was passed to appoint a committee to hire a Geologist and have him to go over all their holdings, and select two locations for drilling. The committee was also instructed to figure with well drillers the costs of a well in view of making a contract. President Finger appointed Judge Noonan, Pete Jungman and F. A. Brown as the committee. With these men at work, results will be noticeable soon—the development of our resources begins.

Wedding Anniversary of Mr. and Mrs. Geo. Haass.

On Feb. 14th, a large crowd of relatives gave a pleasant surprise dinner at the home of Mr. and Mrs. Geo. Haass in honor of their 60th anniversary. At twelve o'clock the crowd was summoned to dinner where all ate to their hearts content. In the afternoon the crowd was treated to some music and singing. And the shout of the children made the bottom fairly ring. All but three of their children were present.

Those in the crowd were: Mr. and Mrs. Geo. Haass, Mr. and Mrs. Phil Haass and family, Mr. and Mrs. Alb. Bilhartz and family, Mr. and Mrs. S. B. Heath and family, Mrs. Emil Graff and children, Mr. and Mrs. O. H. Bendele and daughter, Ruby, Mr. and Mrs. H. G. Boehle, Misses Clarice, Ruby and Lorene Haass, Florence Heath, Lina and Pauline Graff, Goldie Bilhartz and L. Rose Haass, Messrs. Aaron Bilhartz, Arthur, Monroe and Paul Haass, Alfred Rihn, Fred, Herman, and Earl Heath and Walter Graff.

Mr. and Mrs. Geo. Haass have eight children, 48 grand and 5 great-grand children. Mr. and Mrs. Haass are active and have been well to the age they have reached. Mr. Haass is 81 years old and Mrs. Haass 79 years.

As the sun began to sink in the west all departed to their respective homes, wishing Mr. and Mrs. Haass health and happiness to live the years to come.

ONE OF THE CROWD.

Obituary.

W. H. McClaugherty was born September 23, 1877, was married to Miss Belle Brown, September 12, 1905, joined the Methodist Church in the summer of 1906, died at the Kenny Sanitarium in San Antonio at 1:20 p.m. February 18, 1920.

Of his immediate family there survive his wife, six children, father, mother, six brothers, three sisters, his mother-in-law, and a number of other near relatives.

Mr. McClaugherty spent the larger part of his business life at Yancey, where he was loved and highly appreciated by all who came in contact with him.

He belonged to the Masonic Lodge at Yancey and the high esteem in which he was held by his brethren of the lodge and church of that community, was shown by the large number who attended the funeral services here at Hondo, Thursday afternoon. The same high appreciation of his life and character was shown by his business associates, as well as his brothers of the lodge and church of Hondo.

The funeral services were conducted by his pastor, Rev. Alexander, assisted by Rev. Wheat, one of his former pastors at Yancey, and Rev. Allen, pastor of the Baptist Church at Hondo. The burial services were conducted by the Masons.

It can be truly said that the wife and children have lost a kind, affectionate husband and father, the whole community a good citizen and the church a faithful member. The world is poorer by his going.

J. M. ALEXANDER.

Let the Women do the Work.

At the meeting of State Teachers Association recently, were about ten thousand women and not enough men to break the monotony (excuse the word) of millinery, cosmetics and calico—so one of the male birds confidentially told me. We have a woman State Superintendent and a lot of lovely calico scintillating around the Educational Department, two lady inspectors having already visited Devine. One of them came down this week and took a squint at our school, said we had a good school, and need a little money, but she didn't like the old stoves, shades, etc., and kindly promised that if we'll get up \$1,000, or so, will recommend that the State, out of the tax money we have paid in, grant us the sum of \$500 to help pay for these equipments; ignoring the fact that we are begging the Department, not for pretty furniture, but money to pay the wages of hard working girls in an over crowded school.

The school board has registered a strong kick; but what's the use—when a women sets her head?

Anyhow, we don't see any use of such old things as Hardeman, Thomson, Dubose, et al, sitting around on the school board, trying to look wise, when we have so many good looking, intelligent mothers in town, who are bearing and rearing the children, and will make good board members; and what's the use having the biggest man in the county perambulating the country telling the lady teachers where to head in?—Devine News.

More About That Road.

There has been quite a lot of talk here, and at Zigzag and at Biry the past week, about a straight road to Hondo, which would be very nice to have, but there is something else to consider first. We have a road, or rather a trail, that is being served daily as a rural route; and if the Post Office Department knew the condition of the road it would no doubt be discontinued until it is repaired. There are about 125 families receiving mail on this route, and should it be discontinued each of these families to get a daily mail would have to take a hand from the farm that is worth \$1.00 per day at least; in other words the route saves this part of the country \$125. per day in farm labor; there are 306 working days for the rural carrier, that means that we save \$28,250 in farm labor in one year's time by having the route. If we should get the straight road, I doubt if there would be 125 necessary trips made to Hondo in one year's time; but we will say there is and the difference in length of road will save them \$2. per trip, which would be \$250. saved in one year, just compare the two savings and you will plainly see that the roads we have properly fixed up will save the people more money in one week than the straight road will in two years just as a mail route saying nothing in number of people it would serve as a road to market.

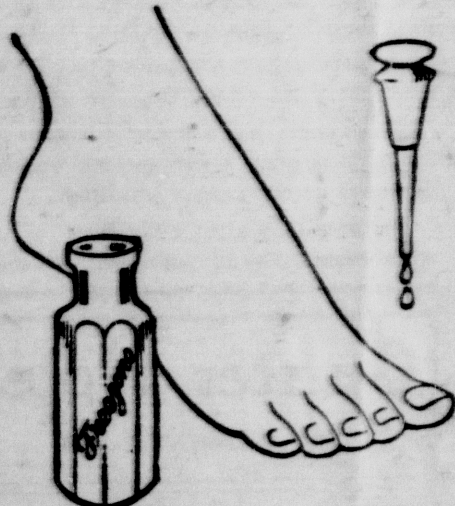

I am in favor of building the roads the people need and then if we have any money to throw away give it to the poor. Respectfully,

J. F. GRIFFIN.

[We understand that the vote of the mass meeting at Biry was about two to one against the straight road. Ed.]—Devine News.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Frezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Frezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Frezone is the sensational discovery of a Cincinnati genius. It is wonderful.

DALLAS WOMAN WAS ALMOST HOPELESS.

Her Five Years of Misery Ended After Taking Tanlac—She Gains 13 Pounds.

"I gained thirteen pounds on taking Tanlac and feel as happy as I ever did," said Mrs. Ella Faulkner, of 2916 Blackburn street, Dallas, Texas.

"I had no appetite," she continued, "and the misery in my stomach after eating was frightful. The gas pressure on my heart would almost smother me to death and I was actually afraid at times to lie down. I had awful pains in my feet and legs, was constipated, and suffered constantly from head aches. I often had dizzy spells and was so nervous I could hardly sleep. I took all kinds of medicines, but nothing helped me.

"For five years I had been going down like this and had about lost all hope of getting well, and was down in bed for several weeks before trying Tanlac. Since taking this medicine my appetite has improved, my nerves have become quiet and I never have a headache or pain of any kind. I sleep sound as a child and get up full of life and energy and am able to work all day long without getting tired."

Tanlac is sold in Hondo by W. H. Windsor, and in Castroville by Joseph Courand & Co.

Four Raccoon Hides From Lockhart Net Shipper \$47.

Lockhart, Tex., Feb. 7.—The high prices paid for furs have caused a general move against all wild animals. The mails are loaded with hides which are being sent to eastern markets. Old timers say that never in their memory have such prices been paid for furs.

Many farmer boys are making good money with traps. Four raccoon hides shipped from here recently netted the trapper \$47 for the four. Skunks' hides are worth from \$10 to \$15 each.—Floresville Chronicle-Journal.

TEXAS NATURE OBSERVATIONS, by Dr. Menger, 111 North Cherry Street, San Antonio, Texas. Contains 328 illustrated pages, covering years of personal observations of our Texas faunas, insects, plant life, game, etc. The American Review of Reviews judges the book thus: "A rare and more delightful book of nature knowledge in the study of the out of door world can hardly be imagined." Price \$2.50 to any address in Texas. 3c

One reason why a girl thinks a young man will be able to buy forty-dollar hats for her after they marry is because he is so free with fifteen cents before.

Sometimes the reason a man is so much like a man is because he would rather pay twenty cents for Havana cigars than eighteen cents for Cuban sugar.

Does it Catch You in the Back?

It may be that you are mysteriously attacked by pain in back (lumbago), or limbs, "neuralgic" pains—shooting anywhere. Backache of any kind is often caused by kidney disorder, which means that the kidneys are not working properly. Poisonous matter and uric acid accumulate within the body in great abundance, overworking the sick kidneys. Perhaps you have become nervous, despondent, sick, feverish, irritable, have spots appearing before the eyes, bags under the lids, and lack ambition to do things. The latest and most effective means of overcoming such trouble, is to drink plenty of water between meals, and take a single Anuric (anti-uric) Tablet before each meal for a while, or until recovered.

Simply ask your favorite druggist for Doctor Pierce's Anuric Tablets (double strength).

Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

YAKUM, TEXAS.—"After using different kinds of medicines for kidney and bladder troubles I have given Dr. Pierce's Anuric Tablets a fair trial and was greatly benefited, and do hereby cheerfully recommend Anuric to all persons suffering from kidney and bladder troubles."—HENRY ROTH, Route 4, Box 158.

Chronic Constipation.

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets affords a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation.

Born, Jan. 11, to Mr. and Mrs. Geo. Kempf, a son, their first boy.—Devine News.

Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monocetio-acidester of Salicylicacid.

Wurzbach-Boehme.

One of the prettiest weddings of the spring took place Monday afternoon, Feb. 16th, at 3 o'clock at the parsonage, when Miss Frieda Boehme, the beautiful and accomplished daughter of Mr. and Mrs. Max Boehme, became the bride of Mr. Alfred Wurzbach, the son of Mr. and Mrs. Louis Wurzbach. Rev. A. Heckman performed the ceremony. The attendants were Miss Henrietta Boehme and Mr. Chas. Wurzbach Jr.

The bride was beautifully dressed in heavy brown satin with hat, gloves and shoes to match.

The groom wore a handsome black suit.

After the ceremony the bridal party repaired to the home of the bride's parents where a luncheon was served, after which they left for San Antonio, Galveston and other points of interest. On their return they will be at home at Riomedina.

Miss Boehme is one of Medina County's fairest daughters, admired for her sweet disposition, while Mr. Wurzbach is one of Medina County's prosperous stockmen and is to be congratulated on winning so fair a bride. They both have many friends who wish them a prosperous and happy married life.

Reason Enthroned.

Because meats are so tasty they are consumed in great excess. This leads to stomach troubles, biliousness and constipation. Revise your diet, let reason and not a pampered appetite control, then take a few doses of Chamberlain's Tablets, and you will soon be well again. Try it.

Bandera New Era News.

D. H. Zook has accepted a position in an abstract office in San Antonio. Anton Liebold and son, Wilfred, were up from Medina Lake Monday and made the New Era a pleasant call. Misses Alleen and Anna Mae de Montel of Camp Verde are spending the week here with their sister, Mrs. A. V. Pae.

Periodic Bilious Attacks.

Persons subject to periodic bilious attacks will observe that their appetite fails them just before an attack. That is, they do not really crave food but eat because it is meal time. If they will eat only a light meal and no meat then take two of Chamberlain's Tablets the attack may be avoided.

Oil Derrick Erected.

A crew of expert derrick builders came up from San Antonio Saturday and by noon Sunday had the big derrick completed for the test well on Julian Creek, three miles South of Bandera. The rig is expected to be in most any day. It has been shipped but priority freight shipments have delayed its arrival in San Antonio.—Bandera New Era.

For That Terrible Itching.

Eczema, tetter and salt rheum keep their victims in perpetual torment. The application of Chamberlain's Salve will instantly allay this itching.

Sabinal Sentinel Siftings.

Mrs. John McCauley went to D'Han's Sunday evening. Mrs. L. H. Lockhart returned to her home near Del Rio Wednesday.

Personally we try not to be vindictive, but it seems only just that the shoe manufacturers should have to walk barefoot on brimstone pavements when they get where they are going to.

I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

Wise Knowledge.

People Should Learn to Detect the Approach of Kidney Disease.

Symptoms of kidney trouble are often overlooked. Disordered kidneys often excrete thick, cloudy, offensive urine. Irritation, irregular of passage, may ache, headaches and backache may occur and the victim may be weighed down by a feeling of fatigue. Neglect these symptoms and there is danger. Delay is fatal.

Doan's use no better endorsed kidney medicine than Doan's Kidney Pills.

Hondo proof of their merit. "Several years ago I was taken with a terrible backache and my kidneys acted irregularly. On stooping it was an effort for me to straighten again. Nights I had to get up to pass the kidney secretions which were scanty, highly colored and scalding. I felt tired and all the time and had no ambition to do anything. I read of Doan's Kidney Pills and started their use. After taking two boxes of Doan's Kidney Pills was strong and my kidneys acted regularly."

Taylor No. 1 to Spud In.

Our readers will be pleased to learn that active efforts to piece the oil pool that many believe underly portions of this county are at last to get under headway. The first location for what we all hope will prove a successful effort to find oil in paying quantities was made last week-end on the farm of Mr. Adolph Haegelin, about six miles south of Hondo, the location selected by the locating geologist being about 300 feet north of the Haegelin residence. Derick material and other supplies are now being assembled and very probably before another Anvil Herald goes to press Taylor No. 1 will be "spudded" in. San Antonio capital is behind the project, the lease hold being in the name of Lane Taylor. The enterprise is said to be backed by ample capital, and so sanguine is the promoter of the successful outcome of his undertaking that not one dollar of the stock is on the market. Mr. Taylor brought as fine bank references as ever were carried by any man from San Antonio banks, both as to his standing as a financier and as a man, which lends weight to the serious purpose to which he is now directing his energies. That his efforts will be crowned with success is the wish of everyone who admires a man who has the grit to back his judgment with his own means, not to mention the tremendous benefit that would accrue to Hondo in the discovery of an oil field in this vicinity.

Child Badly Burned.

Mayme, the seven year old daughter of Mr. and Mrs. W. J. Earnest, was seriously burned Wednesday while at play in the field where her father was burning corn stalks. In some manner the child's clothing caught fire while she was some distance away from her father. She immediately ran to him and he tore the burning garments from the child's body. She was taken home and a physician summoned and last reports are that, while she is painfully burned, she will recover.

News of the death of Miss Kittie Hoover, which occurred at the home of her sister, Mrs. F. S. Garrison, at Lantry, caused profound sorrow to a large circle of friends and admirers. Deceased had made her home here many years, and while all realized that the Death Angel had marked her as his own, all hoped that his visit would be long deferred. She fell another victim to the great white plague. Her remains reached Hondo on last Sunday evening's train and were consigned to Mother Earth in the Hondo cemetery at 10 o'clock Monday morning, Rev. J. M. Alexander, pastor of the Methodist Church, officiating. The thought that she is free from earthly suffering and her gentle spirit is mingling with the Heavenly hosts should prove a consolation to the loved ones left behind.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, a man of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Carrying a Ton a Mile for less than a Cent

Freight rates have played a very small part in the rising cost of living.

Other causes—the waste of war, under-production, credit inflation—have added dollars to the cost of the necessities of life, while freight charges have added only cents.

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for \$30 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 16½ cents.

Now the freight charge is 22 cents and the suit sells for \$50.

The cost of the suit has increased 20 dollars. The freight on it has increased only 5½ cents.

Other transportation charges enter into the cost of the finished article—carrying the wool to the mills and the cloth to the tailors—but these other charges amount to but a few cents more.

The \$10 pair of shoes that used to sell for \$5 goes from the New England factory to the Florida dealer for a freight charge of 5½ cents—only one cent more than the pre-war rate.

Beef pays only two-thirds of a cent a pound freight from Chicago to New York.

American freight rates are the lowest in the world.

Mrs. Margaretha Koch.

Mrs. Margaretha Koch, who died at her home Feb. 5th, 1920, at 3:30 p. m. after a lingering illness, was born Nov. 9th, 1836, in Nidrum Kreis Malmade, Germany. At the time of her death she had reached the ripe old age of 83 years and 3 months.

In 1856 she in company with her father, Mr. Nickolous Fohn, her brother, sister and other relatives immigrated to this country, located in Medina County and settling in Old D'Hanis, of which place she was a resident until the time of her death.

In 1857 she was happily married to Mr. Stephan Koch of which union eleven children were born. Her husband, one son and one daughter preceded her in death. The children living are: Nick, Math, John S. and Teby Koch of Hondo, Peter J. Koch and Mrs. Gersdorf of San Antonio, Jos. Koch, Mrs. Ernest Mueller and Mrs. Chas. Mueller of D'Hanis, besides these she is survived by 37 grandchildren and 21 great-grand children.

The funeral was held from the Holy Cross Church and interment was made in the Catholic cemetery at D'Hanis, Rev. Father Maas officiating at the church and the grave in the presence of a large concourse of relatives and friends to pay their last respect to the passing of a good and noble woman and to follow her to her final resting place.

She spent her last years quietly at home and in devotion to her children and her many friends. Her gentle face and kind disposition will ever be remembered. She lived a noble Christian life and her passing will ever be cherished as that of a good woman gone to certain reward.

May she rest in peace.—D'Hanis Star.

The TEXAN

TEXANS Now in Service Are Delivering the Goods

The TEXAN is not an experiment. It is a recognized leader among the medium-priced, four-cylinder cars.

The TEXAN engineers, seeing the growing demand for such a car began the most exhaustive tests which have since resulted in the success of the TEXAN.

By buying absolutely proven standard parts, in open market—as practically all northern and eastern manufacturers do, shipping them direct to Fort Worth in economical knocked-down form, assembling them under trained and expert engineers, it is possible to produce a car in our own market of unusual value and at quite a saving.

The Texas Motor Car Association was organized in 1917 and began production in the latter part of 1918. Despite the war-time scarcity of materials and labor, 705 cars were turned out before December 31, 1919. Factory plans to build between 3,000 and 4,000 automobiles during 1920.

All of these cars could be disposed of on the foreign markets, but the company prefers to sell them at home.

The TEXAN is a Southern product and is built to meet the general and specific requirements of Southern roads.

The TEXAN looks good and is good. It is priced right.

The TEXAN offers the most interesting sales proposition ever presented to Texas dealers. There are only a few counties in Texas for which the agency has not been let.

A Warning.

TO WHOM IT MAY CONCERN.

It has been the custom during the hunting season, and especially since the season is closed, for several parties to camp in the public road and hunt with dogs and fire arms deer and turkeys, both day and night, in our pastures up on the Hondo. The guilty parties are hereby finally warned to stay out altogether. Whosoever does not heed his order hereafter will be prosecuted to the full extent of the law.

Both Overestimated.

"The roses of pleasure," didactically began Professor Pate, "seldom last long enough to adorn the brow of him who plucks them."

"Yes," replied J. Fuller Gloom, "and those who have attempted to rest on their laurels tell me they make a very poor bed."—Kansas City Star.

No Discussion.

"I don't hear a word of discussion about the film," remarked the house manager. "The people seem to be departing in utter silence."

"Well, it was a story about an abused wife, and that's a good theme for married couples to keep away from."—Louisville Courier-Journal.

Served Him Right.

"Have you 'Love's Young Dream'?" asked the fair shopper.

"No, ma'am," replied the impudent clerk. "But how about 'Kissing me in the Moonlight'?"

"Impossible. I could still see your face."—Birmingham Age-Herald.
